

Homeschool Programs

9 — 13 year olds

Experience STEAM based activities and concepts through hands-on experiments, building, and play.

Fee: 2-hour program: \$11 Members; \$16 Non-Members
4-hour program: \$21 Members; \$26 Non-Members

January: Laws of Motion

Explore Newton's 3 laws of motion and how they affect our daily lives with hands on experiments.

Thursday, January 11, 9:30—11:30am
Friday, January 12, 9:30—11:30am

February: Non-Newtonian Fluids

We have learned about Newton's laws of motion, now learn about the fluids that break that law.

Thursday, February 1, 9:30—11:30am
Friday, February 2, 9:30—11:30am

February Workshop: Rube Goldberg

Use simple machines to solve a problem in the most complex way.

Wednesday, February 14, 12:00—4:00pm
Thursday, February 15, 12:00—4:00pm

March: Crops and Critters

Explore the types of crops that grow here in McClean County and learn about the insects we need to help them grow and the ones that hurt the crops.

Thursday, March 1, 9:30—11:30am
Friday, March 2, 9:30—11:30am

April: Science and Art

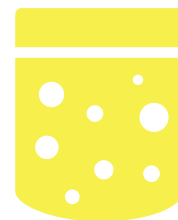

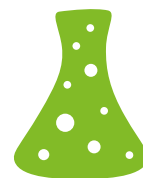

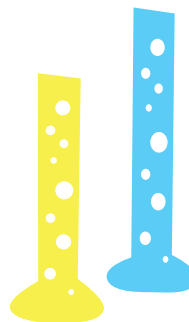

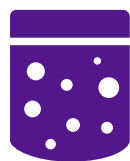

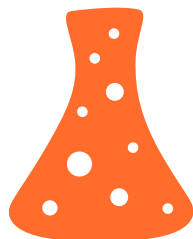

Investigate the science of art and the art of science as we explore these concepts.

Thursday, April 5, 9:30—11:30am
Friday, April 6, 9:30—11:30am

May: Architecture

Explore how we build and learn about some new technology used to rapid prototype ideas.

Thursday, May 3, 9:30—11:30am
Friday, May 4, 9:30—11:30am
