## February: Moods

**February 11:** Design a cool emoji with drawing media and make it into a fun poster!

**February 25:** Test your mood and make your own mood/color changing paint!

## March: Textures

**March 11:** Celebrate bubble week in the museum! Mix paint and bubbles to create a textural work of art!

**March 25:** Create unique and colorful 2D prints while exploring the different textures of various found objects.

## April: Art and Math

**April 8:** Using both drawing techniques and cut paper, we will explore and experiment with fractals to create a stunning 2D design.

**April 8:** Explore repetition, pattern, and design with tessellations! Design a stencil, cut and repeat, then play with the possibilities!

## May: The Elements

**May 13:** Using a STEAM approach, today we will explore the dazzling effects of dry ice vapors while adding color and light. Parents bring your cameras as this art will not last long!

**May 17:** See what kind of art results when you let wind instead of your hands do the work! Using various media, create a work of art using the element of wind.

Saturdays 10:00 am - 1:00 pm

Stop by the Art Studio on select Saturdays for free programming designed around a topic or technique.
